PROJECTS

Job Search Website

Aug 2025 - Nov 2025

Texas Tech Intro to Engineering Design

A prototype job search platform developed for Texas Tech's Intro to Engineering Design course to solve student job search pain points.

- Technologies: HTML, CSS, Business Model Canvas, Lean Launchpad
- Collaborative group project.

Personal Portfolio Website

Nov 2025 - Present

Independent Project

A responsive portfolio built from scratch with HTML, CSS, and JavaScript to showcase coursework, projects, and work experience.

- Technologies: HTML, CSS, JavaScript

WORK EXPERIENCE

ToGo | Delivery | Catering

Oct 2024 - Aug 2026

Darden Restaurants | Olive Garden

Handled high-volume orders, coordinated catering and delivery logistics, and provided customer service in a fast-paced team environment.

Technology Specialist

Summers 2023 & 2024

Bushland ISD | IT Department

Provided technical support, diagnosed hardware and software issues, and assisted with network maintenance and deployment projects.
